About the Program and Its Importance

This three-hour, in-person course focuses on the **changes adopted late last year affecting NR 113 and NR 114**. More than just a review of the rule language, this session looks **at how the language impacts your business** in very real ways. We'll look at four areas in this session – **storage, portable toilets, paperwork, and licensing**. We'll also talk about encroachment changes and land application with variances. Find out about the steps you can take – right now – to not just comply with the new rules but *benefit* from them. **This is education for septic pumpers by septic pumpers, so you're learning from people who know your business!** There will be time during the session for questions and interaction with other attendees.

Continuing Education Credits

This program has been approved for three (3) hours of Compliance Credit. You will be asked to sign in and out of the program. No partial credits. Credits will be submitted to the WDNR no later than Friday, August 19.

About the Instructors

Your instructors are John Bowen, Alan Kaddatz, Emily Pierson and Rick Walter. Each is a Board member of the Wisconsin Liquid Waste Carriers Association and each is an experienced, licensed pumper with practical knowledge on this subject.

Great value! Just \$45.00 for WLWCA members and \$65.00 for non-members.

Space is limited so be sure to register today!

Note: For convenience, this program has been scheduled the day prior to the Summer Conference, but it is a separate event requiring separate registration to attend.

A special room rate is available at the bantr Hotel. Call (715) 241-6300 and ask for the "Wisconsin Liquid Waste Carriers Association" rate.

For additional information about this program, contact WLWCA at (888) 782-6815.
